Final Reflections

This has been a long unit! We've covered a ton of material of Jazz History, and Buffalo's own roots and musicians that contributed to the development of Jazz. We've toured the various destinations, and even performed at a Jam Session. Now it's time to reflect on your experiences this unit.

Write a 1-page essay that addresses the following:

- Your favorite musician that you've learned about this unit
- Something you were surprised to know about Buffalo's landmarks
- Something that inspired you from the Rich Newberg video series
- Your experience at the Jam session
- How all of these things have impacted your musicianship
- How you think YOU can leave your mark on Buffalo and contribute to it's progression of Music History in the future
