1a-1d. Demonstrating Proficiency in Civic Knowledge (0.5-1.0)

Students can earn points towards the Seal through their coursework.

- 1a: Social Studies courses required for graduation
- 1b: Mastery level score on a Social Studies Regents Exam
- 1c: Proficiency level score on a Social Studies Regents Exam
- 1d: Proficiency in an advanced Social Studies course

1e. Research Project (1.0)

- Can be a short-term project that may be connected to a classroom project or an extra-curricular organization

2a. Civics Project (1.5)

- Demonstrates civics knowledge, skills, actions, and mindsets
- Can be a short-term project that may be connected to a classroom project or an extra-curricular organization
- Pairs easily with the .5 credit elective or extra curricular activity

CIVIC PARTICIPATION PROJECT IDEAS

-
- Consider using an inquiry as a springboard for a civics project.
 - 12th grade Government Inquiries in the NYSED Social Studies Tool Kit.
 - Federalism
 - First Amendment
 - Voting
 - Political Parties
 - Campaign Finance
 - Affordable Care Act

2b. Service Learning Project (1)

- Includes a minimum of 25 hours of demonstrated service to the community
- Includes a reflective essay/presentation/product
- NOTE: Service learning is NOT community service. It is tied to the curriculum and the student has researched and identified a need.

2c. Civic Experiences II: Elective Courses, Extra-Curricular Activities and Work Based Learning(.5)

For an elective course or extra-curricular activity to count towards the Civics Readiness Seal, the course must promote **civic engagement**.

Civic Engagement is defined as the following:

Working to make a difference in the civic life of our communities and developing the combination of knowledge, skills and actions, mindsets and experiences necessary to make that difference. It means promoting the quality of life in community, through both political and non-political processes.

[\(NYSED\)](#)

2c. Elective Courses/Extra Curricular Activity/Work Based Learning (.50)

What is an Application of Knowledge Essay/Presentation/Product?

The purpose of the Application of Knowledge is to provide students the opportunity to communicate the ways in which the various experiences and activities in the elective course have impacted their civic knowledge, skills, and mindsets.

The culminating Application of Knowledge task must address the following:

- Civic Experiences: What did you do?
- Civic Knowledge: What civic knowledge did you gain?
- Civic Skills, Actions and Mindsets: How did this experience change you?

Civics Capstone (4.0)

Flexible process that asks students to . . .

- Identify and Research an Issue
- Analyze and Develop Strategies and Solutions
- Take **informed action** on an issue
- Receive support + formative feedback from mentor(s), advisor(s), teacher(s)
- **Present** to the School Committee (SC) or community forum
- Reflect on the outcome of the Capstone project

Depending on implementation model may take anywhere from 2 to 4 quarters to complete.

What are the Essential Elements of a Civics Capstone Project?

1. Examine community
2. Identify Issues
3. Conduct Research
4. Analysis
5. Develop Strategies and Solutions
6. Take Informed Action
7. Communicate
8. Reflection

Based on the New York State Social Studies Practices, Grades 9-12, the New York State Performance Level Descriptors for the Global History & Geography II and the U.S. History & Government Regents exam, the NYSED Definition of Civic Readiness, and the [American Association of Colleges and University VALUE Rubric for Civic Engagement](#).

CAPSTONE OR CIVIC PROJECTS?

| H.S. Civic Projects | Both | H.S. Capstone Project |
|---|--|--|
| <p>Worth 1.5 points Can be done more than once Issue may be identified By the teacher Data may be gathered by the teacher More likely to be done in a group</p> | <p>Civic Issues-based Analyze data Recommend solutions Communicate Reflection Criteria based on the Civic Readiness Definition</p> | <p>Worth 4 points (HS) Done only once Student(s) identifies issue Student(s) gathers data Student(s) take informed action Can be done by individuals or in a small group</p> |

Middle School Capstone Project

The Basics:

- Teacher guidance is very important at the MS level
- Projects can be done in 7th grade or 8th grade
- Cooperative learning options are determined by the school
- Projects should take an inquiry approach

Middle School Capstone Project

After the completion of their research students develop an informed action plan

Option A

Students develop an action plan that focuses on how individuals can make a difference with the chosen problem or issue. After developing the plan, students should complete service hours as determined by the school.

Option B

Detailed Action Plan: Students develop a detailed action plan that includes:

- Analysis of research and data to determine the impact of the issue on the community.
- Evaluate a number of possible solutions to address the problem.
- Recommend one strategy and develop a detailed plan to implement that strategy.

Next Steps

Dos

1. Build awareness with faculty and administrators/ find your early adopters
2. Start to build your routes to the Seal
 1. Compare what you offer in your school against the Seal requirements
 2. Develop assignments and rubrics that can be integrated into current courses/extracurricular activities
3. Begin a Tracking system to manage completion of requirements

Don'ts

1. Give blanket credit for an ELA book report as a Civics Research project— approved projects must build civic agency
2. Count passive observance of meetings as civic experiences- these can be part of a civics project but are not stand-alone experiences that qualify
3. Try to do it all at once. No school is expected to offer every option to every student.

OFFICE OF STATE ASSESSMENT, U.S. FRAMEWORK BASED REGENTS EXAM UPDATES

- The U.S. Framework based Regents Exam will be administered on Wednesday, June 1st
- There will be no U.S. Regents offered in January 2022. Exemptions will be granted to qualified students for the January U.S. Regents Exam.
